

PowerCarts™ Model PC-RS-720-CC – for Room Service Applications

Model PC-RS-720-CC

Powered by a 2.5 hp electric motor or
11 hp gas-powered engine.

The Carts of Colorado PowerCart System is perfect for hotel rooms, banquet operations and special events. By mounting special modules on a Club Car motorized cart, your operation will enjoy increased profits and productivity while lowering costs.

Features and benefits:

- Ideal for catering banquets and events, and servicing satellite locations
- Enables F&B items to be quickly and efficiently delivered to outlying rooms without a loss of quality
- Lockable units reduce theft of beverages, food and liquor
- Improves profitability by increasing productivity and reducing losses

NOTE: This unit may be customized with either hot or cold food units or a combination of both (see reverse side). Ask your Carts of Colorado representative.

See reverse side for options.

To order modular shell without motorized car, use Model No. PC-RS-720 (includes windshield and your choice of Green/White or Beige/White striped awning.)
